

August 8, 2018

Dear Neighbor:

As a valued community member of the Upper Newport Bay you know how important it is to maintain our precious resource. **Won't you please join our other supporters and become a Cleanup Day sponsor this year?**

The annual statewide Coastal Cleanup Day is Saturday, September 15th from 9 a.m. to 12 p.m. This is the only day of the year we are able to enter many sensitive areas of the Bay where trash continually washes in from surrounding cities, polluting the Bay's waters, harming its wildlife and threatening public health. Each year volunteers routinely collect over 20,000 lbs. of trash and recyclables from the Bay.

Newport Bay Conservancy (NBC), a nonprofit organization, facilitates the massive cleanup effort at Upper Newport Bay in partnership with the California Coastal Commission, Orange County Parks, City of Newport Beach and California Department of Fish and Wildlife.

Sponsorship is available at several levels:

- | | | |
|-----------------------------|--------|--|
| Major Sponsor | \$1250 | Prominent logo display on event shirts, NBC's, Facebook page and website, event signage |
| Supporting Sponsor | \$750 | Logo display on event shirts, listing on NBC's, Facebook page and website, event signage |
| Contributing Sponsor | \$250 | Name on event shirts, event signage |

Sponsorship dollars will cover expenses such as printing costs for flyers and signage, cleanup supplies, shuttle buses, dumpsters, additional restroom facilities, food and beverages for volunteers. Should you require additional information, please do not hesitate to contact me at [949-640-1751](tel:949-640-1751). Thank you for considering a partnership with us to protect our fragile estuarine ecosystem.

Sincerely,

A handwritten signature in black ink that reads "Heather J. Cieslak".

Heather Cieslak, MPA
Operations Director

P.S. Your donation is tax deductible as specified in the Internal Revenue Code. Our tax ID is 33-0545786. We are registered with the IRS as Newport Bay Naturalists and Friends and are doing business as Newport Bay Conservancy.

Coastal Cleanup Day at the Bay

Saturday, September 15, 2018

Sponsorship Form

Over 800 families, friends, co-workers, scout and school groups come together each year and removed remove in excess of 20,000 lbs. of trash and recyclables from the Bay.

California Coastal Cleanup Day is one of the largest volunteer events in the country that is solely focused on the marine environment. California's Coastal Cleanup Day was started in 1985 by the California Coastal Commission, and over 8 million pounds of trash and debris have been removed from the state's beaches and waterways. One of the main goals of Coastal Cleanup Day, aside from removing trash, is educating the public about the garbage that ends up on the beach.

Most of the trash actually comes from inland communities, and gets carried to the coast through storm drains. The Upper Newport Bay watershed (the network of storm drains, rivers, creeks, and canals) covers 154 square miles encompassing the communities of Newport Beach, Irvine, Tustin, Orange, Lake Forest, Laguna Hills, Costa Mesa, and Santa Ana.

Please fill out the following to be a **sponsor**:

Company			
Address			
City, State Zip
